1. In accordance with the decision of the Monitoring Committee, dated [...], a subsidy is awarded to the partnership (represented by the lead partner) from the EU funding under the Interreg VI-A IPA Hungary Serbia Programme for the implementation of the project No. [project ID] with the acronym [acronym], entitled [project title] (hereinafter referred to as the Project).
2.

Maximum EU contribution awarded:	say:	[...] EUR
Total project budget: (including lead partner and the other partners)	say:	[...] EUR
3. As a general rule, the EU co-financing rate per partner (including the lead partner) cannot exceed 85 per cent of the total eligible expenditures. The EU contribution and the EU co-financing rates per partners (including the lead partner) are set in Annex II of the Contract (i.e. in the finalised Project Form). It is the responsibility of each partner², including the lead partner, to finance the own contribution of their respective project parts.
4. The maximum amount of EU contribution awarded for the Project and contained in Article 1.1 above cannot be exceeded without a corresponding decision of the Monitoring Committee and the modification of this Subsidy Contract.
5. Should the total eligible costs after the completion of the Project be lower than the budgeted amount, the above-mentioned EU contribution awarded under the Programme will be correspondingly reduced according to the EU co-financing rates per partners as set in Annex II.
6. For receiving the payment of EU contribution from the certifying authority and for the transfers of EU contribution to the partners, the lead partner shall open a separate EUR bank account exclusively for the Project. The EU contribution will be transferred in EUR to the following separate project bank account indicated by the lead partner:

IBAN account number	
SWIFT code	
Name of bank	
Address of bank	

7. The lead partner has to officially notify the Joint Secretariat in written form in case of a change of the separate project bank account within 15 calendar days or with the submission of the Application for Reimbursement at the latest. With the LP's notification the bank account will be modified and the modification of this Contract is not necessary. In case the lead partner fails to properly inform the Joint Secretariat on the details of its separate bank account, all consequences, including those of financial nature, shall be borne by the lead partner.

² In case the partner receives EU contribution.

8. Payment of the EU contribution is under the condition that the European Commission makes the funds available to the above-described extent on the Programme bank account and the Memorandum of Understanding signed by the Partner Countries is in force.
9. If the European Commission fails to make the funds available on the Programme bank account or if the Memorandum of Understanding signed by the Partner Countries is no longer in force, the managing authority will be entitled to withdraw from the present Contract. Any claim by the lead partner or the project partner(s) against the managing authority for whatsoever reason is excluded.
10. If the subsidy to be received for the implementation of the Project is affected by State aid, detailed rules can be found in Annex V of the present Contract.
11. Without prejudice to the provisions of this Article, Programme co-financing to Serbian partners can be made available to the Project only after the respective Financing Agreement has entered into force. By way of derogation from Article 63(2) of Regulation (EU) 2021/1060, expenditure shall be eligible for a contribution from external financing instruments of the Union if it has been incurred and paid in the preparation and implementation of Interreg operations from 1 January 2021 or from the date of the programme submission, whichever date is earlier, but may be claimed from the Programme after the date when the Financing Agreement with Serbia was concluded.

Article 2 **EU advance**

1. According to the Programme rules the managing authority ensures EU advance. The amount of the EU advance is equal to 15% of the maximum EU contribution mentioned in Article 1.1. Based on the above-mentioned description the amount of EU advance is [...] EUR (say ...).
2. Subject to availability of funds as specified in Article 5.7 of the General Terms and Conditions, the amount of the advance is transferred to the separate bank account of the lead partner within 60 calendar days from the date of signature of this Subsidy Contract.
3. The approved amount of the EU contribution will be transferred in two forms: One form is advance payment which is 15% of the EU contribution. The other form is reimbursement based on the approved Project Report(s) and Applications for Reimbursement. Once the reimbursed amount reaches the 60% of the total EU contribution of the partner receiving financial support, the Programme starts to settle the advance payment. The amount of settlement will appear on the Application(s) for Reimbursement in which the reimbursement of 60% of the total EU contribution is exceeded. Therefore, when approving these Project Report(s) and Application(s) for Reimbursement the amount of transferable EU contribution will be calculated with the consideration of the settled amount of advance payment. The total amount of a partner's advance payment is fully settled if the EU contribution part of the eligible expenditure in the Application(s) for Reimbursement reaches the 75%.
4. In case the EU contribution part of eligible expenditure in the Applications for Reimbursement does not reach the 75% of a partner receiving financial support by the end of project implementation, the unsettled amount of the advance payment will be recovered by the managing authority with (and – if necessary – after) the approval of the Final Project Report. The lead partner is obliged to secure repayments from the partner(s) concerned, and has to repay the

amount specified by the managing authority before the due date. In case of any delay in the repayment, the amount to be recovered may be subject to interest on late payment starting on the due date and ending on the date of actual payment. The rate of such interest shall be one-and-a-half percentage points above the rate applied by the European Central Bank in its main refinancing operations on the first working day of the month in which the due date falls.
